Multidisciplinary Team Advanced Training Track
 Dover Downs Hotel and Casino
 May 22, 2013

WORKSHOP DESCRIPTIONS

Workshop #1	Workshop Title & Description
10:30 – 11:00 All MDT members together	Introduction to the MDT Track
11:00-12:00 Small group breakouts by discipline (LE, Pros, CPS, CAC staff)	This introductory session will provide an overview of the specialized MDT track being offered at the conference. This will focus on the original philosophies and experiences which led to the development of the MDT approach to child abuse, including the use of CACs. Participants will also explore the strengths and tensions each discipline brings to the MDT in discipline-specific breakouts to be shared with other disciplines in a later session.
Workshop #2	Workshop Title & Description
1:15-2:45 All MDT members together	Mission, Vision and Culture of the MDT
	This session will explore the importance of a shared MDT mission, vision and culture. Disciplines will also share the responses generated in the first session in collaborative group discussions facilitated by the trainers.
Workshop #3	Workshop Title & Description
3:00-4:30 MDT'S BY COUNTY	Individual Team Work
	Each of the three Multidisciplinary Teams will work independently to assess the current strengths and challenges facing the team and develop an action plan to move toward more effective team functioning. This will include a clearly defined mission statement for the MDT and additional goals which are specific and measurable. This work will be facilitated by trainers.
