

FEE FOR SERVICE (“FFS”) GUARDIANS FEE POLICY

A. FFS Guardians Policies

1. FFS Guardians shall file a description of their fee rates for the next calendar year with the Court of Chancery no later than December 10th of each year.
2. FFS Guardians shall submit fee requests specifying requests by the service categories detailed in the FFS Guardians Fee Schedule. Additional detail as to services provided should be included, as appropriate.
3. Reasonable pre-appointment fees can be requested as long as those fees are related to direct services the FFS Guardian provided in regards to the guardianship (e.g. signing the consent to serve as guardian, reviewing the guardianship petition).
4. When a petition for fees is filed, the Magistrate may reduce part of the fees and may include on the order language to allow the FFS Guardian (or attorney, if the petition had been filed by an attorney) to file a motion or letter of clarification to the extent they disagree with the deduction.
 - a. The motion or letter of clarification will be based on Court of Chancery Rule 60(b)(6) and will be due within five days of the order for fees.
 - b. The order for fees will be a final order, but if a motion or letter of clarification is filed, the time period for filing exceptions will be stayed pending resolution of that request.
5. FFS Guardians must file any fee request at least once a year. If there are insufficient funds to pay the fee, a provision will be added to the order that the fee can be taken once funds become available.

6. FFS Guardians are not required or expected to perform manual labor regarding the care of the person with a disability (e.g., administration of medication or other caregiving services) or treatment of the person with a disability's assets (e.g., moving furniture or cleaning/clearing properties). FFS Guardians are required to contract for these services at a fair rate and provide proof of such with their accountings. If FFS Guardians wish to employ their own employees or family members to provide these services, the Court imposes two additional requirements to ward against any appearance of impropriety:
 - a. The FFS Guardian must secure one arms-length quote to demonstrate that the rate charged by their employee/family member is fair and reasonable and
 - b. The FFS Guardian may not double-bill for the activities by paying them both as contracted labor expenses and guardianship time on their fee invoice.

B. FFS Guardians Fee Schedule

1. Fee requests shall specify the service provided or expenditure requested according to the service categories. Additional detail should be provided, as appropriate.
2. Beginning February 17, 2025, invoices no longer need to specify the specific number associated with the service.
