Information on Preceptor Duties and Clerkship
Requirement questions are listed below.

What to do if you can't find a Preceptor

You are obligated to make every effort to locate a preceptor on your own. If you are unable to do so despite your best efforts, you can contact the Preceptor Bank and they will work with you to locate a preceptor. You should not contact the Preceptor Bank until you have exhausted all other options on your own. It is recommended that you begin your search for a preceptor as early as possible. If you have not located a preceptor by June 1st, you should contact the Preceptor Bank so there is enough time for your preceptor to complete his/her duties and file a preceptor certificate with the Board by the July 1st deadline.
